DETAILED ACTION

Restriction/ Election

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

- I. Claims 1-16 and 18-23 drawn to a multifunctional tool, classified in class 7.

- II. Claim 17 drawn to a pocket knife, classified in class 76, subclass 82+.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the Invention of Group II is drawn to a pocket knife which does not require such a special feature as measuring of a physical value as required by Invention of Group I.

3. A telephone call was made to Law Firm of Ostrolenk, Faber, Gerb &Soffen, LLP on March 13, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2859

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Verbitsky whose telephone number is (703) 306-5473.
